BIOGRAPHY

Rick Mager...aka *The Grizz*

Rick's a licensed airplane pilot, diver, boat captain, lecturer, columnist, adventurer, author, and ex-drug smuggler. (DARK CARIBBEAN) He's been writing for half a century and has traveled the world; visiting many countries in search of stories, including: Nicaragua, Mexico, Canada, Hawaii, Jamaica, Bahamas, Germany, France, Ireland, England, New Zealand, Australia, plus most of the United States and California. He spends

summers in his cabin in the North Georgia hills (locals call 'em mountains, but he's been over the Alps & Rockies) and winters in Key West. Rick celebrated his 73rd birthday on 6-30-2008. He hopes Jimmy Buffett flies in aboard his Cocktail Clipper this winter so they can talk about the good times they enjoyed with their friend, treasure diver, Mel Fisher, while he was alive.
